As a competitive programmer and full-stack web developer, I have a strong background in computer science and a passion for problem-solving. I have experience in various programming languages, including C++ and JavaScript, and have developed a range of web applications using modern frameworks and technologies like React.JS, Next.JS, ExpressJS. I excel in fast-paced, high-pressure environments and am always looking for new challenges to tackle.

Experience

AUSTIDC   July 2022 - Present
Sub-executive (WEB Master)
- Automated id card and certificate generation using **Node.js**, **pdfDoc**
